Projects

OptiRank ⧉
OptiRank's project focused on elevating businesses' online presence through advanced SEO strategies, driving organic traffic and sustainable growth

ObsidianSky ⧉
ObsidianSky is a dark-themed weather site that shows real-time weather conditions with a clean, modern interface.

MySpendy ⧉
MySpendy lets you track income and expenses right in your browser using local storage—no sign-up, no cloud, just fast and private budgeting.

Aurascape ⧉
Developed Aurascape, a responsive interior design studio website featuring sleek UI, project showcase, and smooth animations using HTML, CSS, and JavaScript.Focused on creating a modern user experience with mobile-first design, interactive elements, and fast-loading performance.
